

Entrex

An exchange for the better.™

2008

- **TIGRcubs** are licensed by Fund Managers to create custom portfolios of entrepreneurial company assets which are originated, serviced, reported, rated and (one day) traded by Entrex.

2006

- First *Entrex Market Summit* held in New York to bring together capital sources, Entrex Registered Member Companies and financial media.

2005

- Entrex launches proprietary Business Validation and Valuation process to vet initial Entrex Registered Member Companies for targeted funds.

2002

- Entrex is founded to be the global source to find, track, manage, research and invest in entrepreneurial companies.

2007

- PCI revenue performance trend data leads to the development of a new financial instrument called a **TIGRcub (Top Line Income Generation Rights Contract)**, allowing investors to capitalize on long-term revenue growth in entrepreneurial companies.

2005

- Private Company Index (PCI) is launched to measure and report revenue trends in North America-based entrepreneurial companies. Today, the index is regularly cited by mainstream financial media.

2004

- Entrex wins SBA "Financial Services Advocate of the Year" award.
